3 June 1965

MEMORANDUM FOR THE RECORD

SUBJECT : Meeting of [redacted]
and [redacted] on 2 June 1965 regarding Life
Support Equipment.

1. Subject meeting primarily concerned with review of both IDEALIST and OXCART life support equipment.
2. It was agreed that the following problems need investigation as soon as possible:
 - a. Determination of optimum color paint for the top side of the U-2 a/c to prevent detection by a/c flying at a higher altitude.
 - b. Improved technique for establishing a more reliable and convenient zero lanyard for the I program.
 - c. Investigate possibility of providing pilot option for an inflated vs. non-inflated life raft when the survival kit is dropped on its lanyard.
 - d. Investigation of overall improvement of winter survival gear, i.e., new fabrics, vacuum packing, etc.

3. [] agreed that the Firewel Co. oxygen technician at Station G should be replaced by an Air Force personal equipment technician. In addition, [] will provide the necessary T.O. slot to insure this change-over.
